

LOVE SERIES - WEEK 1

FAMILY TIME

WHAT WILL I HELP MY CHILD DISCOVER TODAY?

Jesus makes all things new – this includes the 10 commandments. The only commandment we have now is LOVE.

Revelation 21:5

Look I am making everything new.

TALK TOGETHER- PART 1

In the Old Testament God gave His people the 10 commandments to live by. These commandments were like rules the people needed to obey in order to live right with God. These rules were written on 2 stone tablets. The people really struggled to keep to these rules. The result of this “wrong” living was that they felt and lived far away from God. This was never God's plan. He wants people to live in close relationship with Him. This was His plan from the start even with Adam and Eve in the garden of Eden.

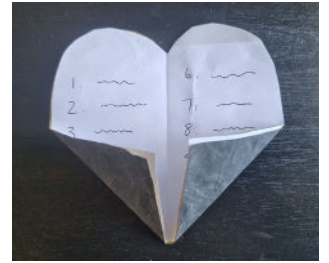

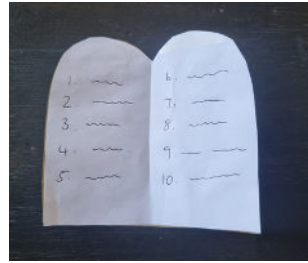

DO IT TOGETHER:

ITEMS NEEDED

- Sanding paper cut into a square
 - Wool

INSTRUCTIONS

- Draw a stone tablet on the back of the sanding paper. Cut it out as indicated on the picture.

Touch and feel the rough texture of the sanding paper. It's an unpleasant feeling just like sin in our lives that keeps us far from God. The rules on the backside was given so that God's people can know how to live close to Him.

Fold the bottom 2 corners of the table to the middle to form a heart. Cover the entire heart with wool.

TALK TOGETHER - PART 2

Jesus came to make all things new. Through His life and death on the cross he paid the price for all our sins. Jesus came to make the law complete. He kept every law in our place. Because of Him, we don't need the old law and rules to be close to God. We can now live close to Him even when we don't live perfect lives. God sent His Holy Spirit to live IN us so that He can always be with us. Jesus did not come to replace old rules with new rules. His love covers all sin, every wrong, in the world. Through His love he is changing us and the world around us, making everything new. Most importantly, His love restored our relationship with God.
